

Action Plan

Battle against “FISTULES OBSTETRICALES“

Project leader: **Rasmata Kabré**,
BPW Ouagadougou (Burkina Faso), founding president

“Project goal: Picking up women suffering from fistula in different villages and establishing a center which

- prepares them for surgery
- gives them a shelter for recovery
- offers professional educations and
- supports reintegration in their families and society

Centre for women recovering from fistula

The project, which Rasmata Kabré started already in 2003, has developed with the support of different partners like the UNDP.

In 2006 Rasmata Kabré founded her own FOUNDATION RAMA www.fondationram.org.

She chairs it with partners such as

- Asmade (Association Songui Managre), Ouagadougou, www.ongasmade.org
- Fondation SEMAFO, www.fondationsemafo.org
- Ministre de la santé du Burkina Faso, www.sante.gov.bf

Today the Foundation Rama offers places to 200 women.

The center, a whole complex of buildings, consists of an office and consultation building, a school with kindergarden, a playing ground for children, dormitories, a kitchen building with open-air fireplaces, an open building for meetings, a garden for vegetables and a car with a driver for the transport of the women.

Fistula Congresses

After a first Fistula Congress in 2006, a second takes place 28/29 Sept. 2017.

Members of BPW Ouagadougou support the organization of the Congress very much.
